

Team Involvement in Demonstration

Date	04 July 2026
Team ID	
Project Name	AI Powered Debt Relief & Financial Recovery Platform
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This project was completed and demonstrated individually by Govindalapudi Swarna Raju. As other assigned team members did not respond or participate at any stage of the project, all roles in the table below were undertaken solely by the individual listed.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation
1	Govindalapudi Swarna Raju (Team Lead)	Project Lead	Project Introduction	Introduced the project objectives, problem statement, and overall workflow.	Active
2	Govindalapudi Swarna Raju	Backend Developer	AI Integration & Backend	Explained the FastAPI backend, Google Gemini AI integration, and debt settlement recommendation process.	Active
3	Govindalapudi Swarna Raju	Frontend Developer	User Interface Demonstration	Demonstrated the React.js user interface, borrower dashboard, and loan management features.	Active
4	Govindalapudi Swarna Raju	Database Developer	Database & Financial Data	Presented the SQLite database, SQLAlchemy ORM, and financial data storage process.	Active
5	Govindalapudi Swarna Raju	Presenter	Financial Health Analysis & Conclusion	Demonstrated financial health tracking, negotiation letter generation, summarized the project, and answered evaluator questions.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Govindalapudi Swarna Raju
Overall Team Coordination Rating (1-5)	Not Applicable – project was completed individually; other team members did not respond or participate.
Any issues during demo	No major issues were encountered during the demonstration. However, other team members did not respond or contribute at any stage, so there was no team collaboration on this project.
How issues were resolved	Minor issues identified during testing were resolved independently through individual debugging and problem-solving, as no other team members were available to assist.
